It's that time again !!

Derek Moras - 414259

Planning has started for our efforts in support of our Church. As you will remember we had some windows broken by vandals last summer and on repair it was found that all the widows needed to be removed for the metal and stonework around them to be replaced and stabilised.

We therefore need all the help we can get this year to pay for this work.

Please let Maureen and Derek know if you would consider opening your gardens again this year. It would be nice to have at least 8 gardens open in addition to the usual Art Exhibition, Church open, stalls and tea and cakes in the hall and the raffle.

All gardens both large and small will be welcome and offers of volunteers for Church duty, manning stalls, cake and bun making and serving teas and coffees will be welcome

We hope to start finalising the programme in April in order to get the publicity material out around the locality in good time. (Bribery and blackmail will be employed if necessary).

It would be marvellous if we can repeat your wonderful efforts of 2008 when we raised more than £1500.
